Title: Just Because

Author: Maharia

Because you complete my
sentences before I do...

Because you think the
same things I do at
almost the same time..

Because we don't even

have to say a word to
each other to know what
we are doing...

Because when I am
fighting at your side I
feel safe....

My beloved Omnedon....you
are my best treasure, my
best friend, my soulmate.

I will love you until we
leave this world...and for
even longer then that.

I am truly glad that I
met you and I hope you
feel the same.

Forever yours,
Maharia
